Draft2Done-QA-1b472ba81f954bb09330860d805bb1bf

When people talk about cities, they often describe streets and buildings. This fictional classroom paragraph considers how shared green spaces fit into everyday city planning. It contains no observations about a real person or place and makes no claim to cite published research. Its purpose is to exercise document saving and importing on Android.

Draft2Done fictional document workflow sentinel. Fictional Unicode fixture: café and α.
